To the Judges of the Supreme Judicial Court, to be holden at Bangor, within and for the County of Penobscot, on the fourth Tuesday of October, A. D. 1851.

RESPECTFULLY represent Daniel Driggs, Jr., late of Mattawamkeag, in the County of Penobscot, and State of Maine, that Leonard H. D. 1849, filed upon his petition in bankruptcy, praying to be declared entitled to the benefits of the several acts of Congress relating to bankrupts, and that such proceedings might be had in the premises as are required by law; that your petitioner was duly appointed assignee of the estate of said bankrupt, and has given bond as required by law, and has duly entered upon the duties of his appointment; that said bankrupt has duly conformed to all the requirements of law, and has duly obtained his discharge as a bankrupt, as appears by the certificate of the Judge of the District Court for the District of Maine, duly granted on the 27th day of September A. D. 1851, a copy of which is hereto annexed; that your petitioner has duly collected and received all the property and estate of said bankrupt, and has duly converted the same into money, and has duly kept an account of all his doings in the premises, which account he is ready to render as the Court may direct; that your petitioner has paid over to the creditors of said bankrupt, entitled thereto, all the moneys received by him, except such as he has retained to pay the fees allowed him by law, and such as he is entitled to retain for his commissions on the amount by him paid over, and for his necessary disbursements and services in the premises, as will appear by his account filed herewith; that your petitioner has in all things duly executed the trust reposed in him by the bankrupt law of the United States, and has fully complied with all the requirements of said law, and with all the orders of the Court touching the premises.

Justice of the Peace,
FOR THE
STATE OF MAINE.

THIS work, just published by the subscribers, is designed to be a Guide to Justices of the Peace, in the discharge of the duties of their office. It is believed that it will not only be found highly useful to those for whom it was particularly designed, but also to the members of the bar generally.

The following notice from the Portland Advertiser, commends all that the publishers desire to say in its behalf:

SANBORN & CARTER.

Portland, Feb. 16, 1852.

TO THE JUSTICE OF THE PEACE, *designed to be a Guide to Justices of the Peace, for the State of Maine.*

Messrs. Sanborn & Carter have just issued under the above title, a handsome pamphlet of about 400 pages, under the above title. The object appears in the title itself. It seems that something like ten years have elapsed, since the publication of any similar work in this State. Within that time, the new methods of procedure, (eg. Insolvent Laws of the United States, and the changes effected by legislation since,) the adoption of the revised code of 1841, have been such as to make a new guide and manual for magistrates highly desirable, and in fact, necessary, for those officers, who act accurately.

Every page of the book shows that the compiler's work has been carefully and faithfully performed, and we have reason to know that, in addition to the mere duty of compilation, the whole work has been subjected to almost competent legal scrutiny and supervision. Absolute freedom from error can not be claimed for any work of this kind, especially as it does for its preparation, upon so large a number of statutes, forms, decisions and opinions, but we can confidently recommend it to all who will use careful, cogitative use as safe guide, and as the best guide now attainable, for practice after our present laws.

The careful manner in which the whole work has been prepared, will at once be seen, by any competent person, who will look over the sections on Depositions, Trustee Process, Horrible Entry and Detainer, and the Poor Debtor Law. On these subjects which are matters in every day practice, there has been much recent legislation, and many decisions of importance are comprised in the recent volumes of reports. An inspection of the style in which the work is done under these heads will show to the examiner, that few if any important points have been overlooked.

Some three hundred and sixty pages of the book are occupied with forms. These, also, indicate great care in their selection and verification, and we believe they may be relied, in the appropriate cases, with all practicable confidence and safety.

IMPORTANT TO
SAW MILL OWNERS.

THE subscribers having made arrangements to manufacture and sell Messrs. T. K. & W. F. Mann's Machines, (on which a patent has been applied for) invented for the purpose of cutting up and splitting edgings, made on saw mill saws, and also Mann's Machine, would recommend them to mill owners as a great labor saving Machine, for keeping mill clear of edgings and waste lumber, and also to prevent their being thrown into the rivers and streams which now causes many troubles, loss and expense, by filling up the channels, making back water and filling and breaking booms &c.

These Machines need only to be seen in operation, to satisfy all interested in lumbering operations of their great importance and utility to their interest.

These Machines are simple in their construction and operation and durable, and not liable to get out of order.

They beg leave to refer to the annexed certificates as to the value of these Machines to those engaged in the manufacture of lumber.

HINCKLEY & EGERY.

THE subscribers having purchased and had in operation at their Saw Mills at the City Mills, four of the Messrs.
